Sustainable Supplier Assessment Template

[Date]

Introduction

As a company committed to sustainability, we aim to work with suppliers who share our values. This Sustainable Supplier Assessment Template will guide us in evaluating potential suppliers based on their sustainability practices.

Section 1: Supplier Details

Supplier Name: (Supplier name)

Product/Service: (Product or service provided by the supplier)

Contact Information: (Contact details of the supplier)

Section 2: Sustainability Assessment

In this section, we will evaluate the supplier based on key sustainability criteria.

1. Environmental Impact: Does the supplier have a policy or strategy in place to minimise their environmental impact?
(Yes / No / Unclear - Please provide details)

 2. Waste Management: Does the supplier have a waste reduction strategy in place? Are they committed to recycling and reducing waste in their operations?
(Yes / No / Unclear - Please provide details)

 3. Energy Efficiency: Does the supplier use energy-efficient processes in their operations? Do they have a policy for reducing energy consumption?
(Yes / No / Unclear - Please provide details)

 4. Sustainable Sourcing: Does the supplier source their materials responsibly? Are they committed to using sustainable or recycled materials where possible?
(Yes / No / Unclear - Please provide details)

 5. Social Responsibility: Does the supplier have a strong track record of social responsibility? Do they uphold ethical labor practices?
(Yes / No / Unclear - Please provide details)
-

Section 3: Overall Assessment

Based on the evaluation, please provide an overall assessment of the supplier's commitment to sustainability.

(Write your overall assessment here)

Conclusion

This assessment will guide us in making more sustainable choices when selecting suppliers. We encourage all potential suppliers to strive for sustainability in their operations.
